

Hi @everyone,

As discussed, we need to create **Use Case Tables** for the assigned functional requirements. Please refer to the [UC Table Format.docx](#) file I previously shared. Make sure your use case document strictly follows the required structure and includes **all** the sections below:

- Summary
- Dependency
- Actors
- Preconditions
- Main Sequence
- Alternative Sequence
- Non-functional Requirements
- Postconditions

Assignments by Member

◆ Endri Baku

- **FR_GST_01** – Search for available rooms through OTAs and redirect to Mobile Guest Portal.
- **FR_GST_02** – Complete booking on Mobile Guest Portal with pre-filled details.
- **FR_GST_03** – Cancel a booking before check-in and refund payment.

◆ Sidrit Zela

- **FR_GST_04** – Request booking modification before check-in.

- **FR_REC_01** – Real-time inventory of room status for receptionist.
 - **FR_REC_02** – Receptionist modifies booking in special cases.
-

◆ **Hazis Voda**

- **FR_GST_05** – Check-in through mobile app or receptionist, generate digital key.
 - **FR_GST_06** – Connect digital key to room lock using Flexipass.
 - **FR_GST_07** – Access facilities and services using digital key.
-

◆ **Jurgen Hila**

- **FR_GST_08** – Register guest expenses to final invoice.
 - **FR_GST_09** – Request room service through mobile guest portal.
 - **FR_GST_10** – View expenses through mobile guest portal.
-

◆ **Xhois Cano**

- **FR_GST_11** – Generate itemized invoice at checkout, revoke digital key.
 - **FR_GST_12** – Send post check-out survey to collect feedback.
 - **FR_GM_01** – Generate reports summarizing guest survey feedback.
-

◆ **Orgest Bacova**

- **FR_GST_13** – Request urgent cleaning, alert housekeeping staff.

- **FR_HK_01** – Notify maintenance issues to housekeeping manager.
 - **FR_GST_14** – Track cleaning schedule based on guest preferences.
-

♦ **Daron Delvina**

- **FR_HKM_01** – Real-time view of room cleaning statuses for housekeeping manager.
 - **FR_HKM_02** – Assign cleaning tasks to housekeeping staff.
 - **FR_HK_02** – View assigned rooms for cleaning.
-

♦ **Sidrit Isufi**

- **FR_HK_03** – Update room status after cleaning.
 - **FR_DM_01** – Schedule shifts for staff.
 - **FR_DM_02** – View staff details, performance, and attendance.
-

Instructions

- Read the full **Requirements Document** before writing your use cases to understand the project structure.
- Save your document with the naming format: **YourName_UCs.docx** (e.g., **Endri_Baku_UCs.docx**).
- **Do not delete your file** after submission; keep it backed up locally.
-  **Deadline: Monday at 16:00**

Let's ensure everyone delivers high-quality, well-structured use cases.
